

Ancient Aztec Geography (Spotlight on the Maya, Aztec, and Inca Civilizations)

Geography and history come together as readers explore the ways the land and landscape influenced the ancient Aztec people. These two important social studies curriculum topics are presented in a fresh way as readers explore this fascinating ancient civilization. The detailed text is presented in an accessible way and alongside vibrant photographs and historical images, including carefully selected primary sources. Readers will enjoy learning about the ways water sources, landforms, and other geographical features played a part in creating the ancient Aztec civilization still studied by historians today.
