

Awakening (The Geis Book 1)

AWAKENING is a wonder and a delight. Christy Dorrity is a talent to watch! - DAVID FARLAND, New York Times bestselling author of *Nightingale* ... because some Celtic stories won't be contained in myth. A little magic has always run in sixteen-year-old McKayla McCleery's family at least that's what she's been told. McKayla's eccentric Aunt Avril travels the world as a clairvoyant for the FBI, and her mother can make amazing delicacies out of the most basic of ingredients. But McKayla doesn't think for a second that the magic is real it's just good storytelling. Besides, McKayla doesn't need magic. She recently moved to beautiful Star Valley, Wyoming, and already she has an amazing best friend, a solo in her upcoming ballet recital, and the gorgeous guy in her physics class keeps looking her way. When an unexpected fascination with Irish dance leads McKayla to seek instruction from the mute, crippled, janitor at her high school, she learns that her family is not the only one with unexplained abilities. After Aunt Avril comes to Star Valley in pursuit of a supernatural killer, people begin disappearing, and the lives of those McKayla holds most dear are threatened. When the janitor reveals that an ancient curse, known as a geis, has awakened powers that defy explanation, McKayla is forced to come to terms with what is real and what is fantasy.
