

# Iguanodon and Other Bird-Footed Dinosaurs: The Need-to-Know Facts (Dinosaur Fact Dig)

Bird-footed dinosaurs like Iguanodon were plant-eaters that could walk on two legs. Many of the dinosaurs in this group could run away from hungry predators. Others traveled in large herds to stay safe. Bold, full-color illustrations, easy-to-read charts and maps, and interesting facts take readers back to a time when bird-footed dinosaurs walked the earth. This book supports common core standards.
