

Jack the Giant Killer (Everymans Library Childrens Classics)

The story of Jack, the intrepid boy whose courage and ingenuity defeated a host of many-headed giants, has been told to children for hundreds of years. In 1842, when he was just 18, Richard Doyle, whose natural talent for draftsmanship was matched by imaginative invention and a passion for legend and the grotesque, created a picture-book version of Jack the Giant Killer, with hand-written text and a watercolor within a pictorial border decorating every page. It has remained one of the most beloved versions of this timeless tale. In this new Everymans edition, Doyles vivid, wonderfully engaging illustrations have been enlarged and the text has been given greater legibility. It is a book that will satisfy both the childs delight in scariness, wonder, and magic, and the collectors pleasure in classic Victorian illustration.
